OHIO

2015

We'd love for you to join us

Introduction

We'd love for you join us at OHI/O 2015, The Ohio State University's flagship student-run hackathon.

OHI/O's team members possess a fundamental belief in the power of creation. OHI/O, our flagship 24-hour programming event, brings students from a variety of disciplines together to design, create, and build. This event connects university students and our sponsors to form long-lasting relationships and inspire a forward-thinking movement.

Last year, we housed 200 students as they hacked over the course of a weekend. This November, we plan to blow away the conventional idea of a hackathon with 400 of the finest minds and a venue to match.

As a sponsor of OHI/O, you gain the ability to:

- Review attendee **resumes** and meet in person with top university talent
- Place **mentors** at OHI/O to meet participants and promote your API
- Promote your company's brand to this current generation's **super influencers**
- Stage **interviews** with prospective interns and full-time employees

By sponsoring OHI/O, you become part of a movement that promises to change how university students and companies interact. To further explore sponsoring OHI/O, please review the material below.

"Buckeyes are highly talented in their technical abilities, and passionate about hacker culture." – Arnab Nandi, Assistant Professor

We're building a world-class hackathon event. You can be a part of it, today. If you'd like to further discuss participating in OHI/O, our sponsorship team can be reached at sponsorship@buckhacks.org.

OH/O
